We are hoping to get the PRP's signature page this week. Once it is in hand, we need to route the AOC through EPR and ECEJ (Martin - acting as Deb in the capacity of Montana Office Director, Kelcey and I are the delegated officials signing the AOC on behalf of the Region) and then file it with the Regional Judicial Office and get a docket number. At this point the AOC becomes effective and we send a copy of the fully executed AOC, with the docket number, to the PRP. The plan is to issue the press release at this time. Given the holiday, I don't think the AOC will be final until next week. Mark will be out but I am going to shepherd it through.

Any word on the signature page? Is the plan to issue press release once EPA signs the AOC? Deb ask me for our game plan.

Thanks,
Suzanne

Deb,

As promised, please find attached the draft press release and com strat for the Anaconda/CFAC AOC. RPM Mike Cirian and Joe Vranka may have additional suggestions for improving these draft documents. I am also copying Rich Mylott so we can coordinate on a quote from Shaun in the press release.

As of today's date, CFAC is in the process of signing the AOC for the CERCLA RI/FS. Once we receive CFAC's signature page probably early next week, we will then need to secure EPA signatures on the AOC before the agreement becomes final. Andrea Madigan will be the point of contact for shepherding the AOC and RI/FS work plan through the EPA concurrence and approval chain while I am out of the office starting next Tuesday, 11/24.

Please let me know if you have any questions or need additional information.

Thank you.

Mark

I spoke to Nichole this morning. She will communicate to Testers office that we do not yet have a signed agreement but that we are close and will be sure to keep his office informed.

Please share the draft press release and communication strategy with me.

I'm on plane to Spain for some annual leave.

Deb or Martin, can you provide info to Nichole?

Hey Nichole:

We are hearing whispers that EPA and Glencore have reached an agreement on how to deal with a site in Columbia Falls, MT and that something will be released soon. As you likely know, Senator Tester has been very active in this space and I'm curious what, if anything, you can share.

Thanks in advance.
